

Manage Your Policies, Workflows, and Tasks All-in-One System

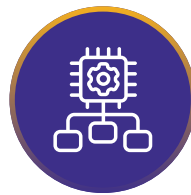

Expert Insured simplifies and streamlines insurance management by providing an all-in-one solution for business operations, accounting, workflows, and analytics. Our system empowers insurance professionals to work smarter, save time, and deliver exceptional service.

Core Capabilities

Policy Management

Seamless submission handling, quoting, policy issuance, endorsements, and audits. Integrates with Excel and carrier APIs for efficient rating.

AI-Enabled Workflows

Automatically identify workflow triggers (e.g., email submissions) and prepopulate workflows to reduce manual data entry and save time for underwriters.

Workflow & Task Management

Customizable workflows, task automation, and progress monitoring ensure timely task completion and operational clarity.

Document Management

Centralized storage for policies, endorsements, and renewals, with automated email correspondence and document tagging.

Reporting & Analytics

Performance metrics, custom reports, and data export tools for actionable insights.

Renewals & Submission Monitoring

Batch renewal processing, automated reminders, and follow-ups to keep operations on track.

Accounting Management

Automated premium and commission tracking, billing type support, and invoicing tools. Compatible with QuickBooks for easy financial management.

Administrative Tools

User role configuration, template management, and system settings customization for operational efficiency.
